Apologies

1. Welcome and apologies

Matt Hickman welcomed all to the meeting. There were no apologies.

2. Declarations of interest

None.

3. Minute of meeting 27 June 2011

The minute was approved subject to the following amendment

7 Matters Arising C49: Irene McCreath indicated **that the Police had confirmed that as the road is formally classified as unfenced, stock can be loose on it, and also** that the Roads department is considering replacing the gate near the Glenkens Fish Farm with a cattle grid.

8 Access Roads: It was agreed that the matter would be referred to the next meeting.

Proposed: Margaret Richmond

Seconded: Liz Holmes

4. D & G Councillor

Nothing to report

.

5. Police Report

PC Bruton explained there were still opportunist incidents of fuel, farm equipment and scrap metal being stolen, and asked for vigilance, and particularly reporting registration numbers of suspicious vehicles.

Cllr Prentice asked that speeding of specific company timber products lorries be investigated.

BB

Davie McMillan queried the level of links with other police forces with respect to quad bike activity.

6. Forestry

Sam Booth of Fountains Forestry discussed the current scoping process for Craigengillan North Forest and confirmed that Forestry Commission guidance indicated that written consultation was considered adequate, and did not require a public meeting.

Fountains is currently preparing a 20 year felling/management plan for the 296 hectare forest.

The following subjects – similar to those raised with Tilhill – were discussed:

Timber extraction: SB indicated that Neil Dyson is now with Fountains. An agreement between existing operators, buyers and D&G council would be included as an appendix to all extraction contracts.

Communication: SB agreed to communicate with the Community Council on any relevant issues.

Public access: SB indicated that Fountains was required by it's lease to display "Shooting in Progress" signs

Hydrology: SB indicated all operations did adhere to forests and water guidelines. Fountains did not do brush bailing or burning. Pesticide use is being reduced – new plantings are pre-dipped with slow release pesticides.

Archeology: Having consulted with D&G Council scheduled ancient monuments and unscheduled features would be surrounded by 10 metre buffer zones.

General biodiversity: The forest plan includes the following

Commercial species – maximum of 74%

Open space – 16%

Native broad leaves – 6%

Long term retention – 3%

Nature reserve – 1%

SB indicated any queries/questions should be forwarded to him by letter or email.

MH thanked SB for attending the meeting and for his helpful comments.
