A letter was sent to the Post Office in support of the survey regarding the need for Post Office provision in Carsphairn. They have now decided to provide a service for 2 hours per week in the Lagwyne Hall from Thursday 18th July. The importance that the Post Office service is used was underlined.

12. Any Other Business

Concerns were raised at the lack of consultation with residents living close to new windfarm developments.

A resident living on the B729 Carsphairn to Moniaive road was concerned about lorries damaging the verges.

David McMillan referring to Windy Standard 2, which was granted planning permission in 2007, asked what windfarm community benefit had been agreed.

Contact had been made with Sarah Kane who is in charge of that development, asking her to give the Community Council an update on progress and to remind us what community benefit was agreed.

Three turbines proposed for the head of the Forrest Glen had gone to planning at the same time as Windy Standard 2. Decided to enquire about that development also.

It was pointed out that the flower boxes at each end of the village needed to be revamped before the Carsphairn Show. Alex MacRae volunteered to clear out the planters, put in new compost and plant with bedding plants. Pansies were suggested as they give a good long lasting display. It was agreed to allow a budget of up to £100 for flowers.

The trust document for the community garden was discussed, it was now ready for signing. Copies to be sent to Tony Challis and Andrew Metcalf for their consideration.
